

HOTTRIX

iPhone Drinks

BRAND THE BUZZ

Brew and drink beverages on your iPhone. iBeer is the Internet sensation that took YouTube by storm.

It's the world's first downloadable trick for the iPhone and now finally available for corporate branding. Watch it: www.hottrix.com/iDrinks

QUICK, IT'S YOURS!

Have your customers drink YOUR beverage from their iPhone in no time! We'll create your privately branded iDrink within record turn-around and have it ready on our servers for your publicity downloads. We're fully Apple iPhone compliant and offer 24/7 corporate support.

CALL NOW!

For pricing, art specs, and licensing conditions contact the agency serving your market. Countless stock beverages are available and just waiting for your logo!
